

The Religious Freedom & Business Foundation is an interfaith non-profit working worldwide to advance SDG 16: Peace, Justice and Strong Institutions. We do this by helping large companies include religion as part of their diversity programs and benchmark their progress on the internationally recognized REDI Index. We also advance SDG 16 through the Global Business & Intercultural Peace Awards, honoring CEOs advancing interfaith understanding, religious freedom for all, and thus, peace.

In collaboration with the "Waking the Giant" initiative (St. John York, General Coordinator), we are piloting both the REDI Index and Global CEO Awards in Liberia. Questions? Email: contact@religiousfreedomandbusiness.org
